Trapped on Skull Island, **a desperate band of survivors struggles against the land's relentless horrors** while an ancient threat rises from below. But as chaos unfolds, flashbacks reveal Kong's turbulent youth: his battles, losses, and the primal instincts that shaped him into the island's sovereign.

Now, as hordes of monstrous beasts close in on the stranded humans, the most dangerous enemy of all regains strength to once more challenge Kong's throne.

"Chris Jones does a fantastic job with the artwork, delivering a faithful and visually striking interpretation of Skull Island as seen in the animated series."

THE CONQUERING CROWN: The King of Aquilonia has gone mad, or so the rumors say. A tyrant sits upon the throne and all will suffer until he is deposed or dead.

Conan the Mercenary cares nothing for these royal rumors and petty politics, but the Cimmerian's skill in battle is about to put him in the path of a mad monarch, and his life will be forever changed.

"The storytelling remains sharp and engaging, and Fernando Dagnino's dynamic line work once again hits the mark. ***9.5/10!"***
